ANNUAL REPORT

OF THE

MUNICIPAL OFFICERS

OF THE

Town of Howland

Maine

FOR THE YEAR

1922-1923

D9149

SUGGESTIONS TO VOTERS

Possibly the Selectmen's Report does not look as though we were very conservative as a Board, but we have done our best.

It has been a hard year financially not only for the townspeople but for the town as well.

After nearly completing a large piece of road work it was entirely washed away.

There was no money raised for planking the Piscataquis Bridge, and the town had to double plank the whole bridge.

A new road machine, plow and other tools were purchased.

The Town Dump was closed and cleaned up.

The North Howland Road was covered with gravel.

We purchased enough plank to replank Penobscot River Bridge as the planking is bad.

There is a bill before the Legislature to repair this bridge for \$21,700.00, and they will take the plank off our hands.

New side rails were put on this bridge as it was dangerous.

New streets were started which will have to be finished this summer.

Would suggest that we pay town debt, and raise less money the coming year.

Would suggest that some of the jobs like Constables and Collectors be doubled up to save money.

Also need a smaller pump for house water, using about twelve to fifteen horse power, which will cut power rate in half.

The life of the town is the Company, and financially they are in the same shape as all companies, and they are paying all the tax they can stand, so let us all pull together and cut our budget just as low as possible, keep our school standard where it is but let us not go to extremes, get together and insist that Town of Howland people be hired in Town of Howland.

Warrant

Penobscot, ss.

State of Maine.

To *A. A. Eldridge*, Constable of the Town of Howland, in said County, *Greering:*

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of said town of Howland, qualified by law to vote in town affairs to assemble at the Town Hall in said town on Monday, the twelfth day of March, A. D., 1923, at 10 o'clock in the forenoon, to act on the following articles, to wit:

Art. 1. To choose a Moderator to preside at said meeting.

Art. 2. To choose all necessary Town Officers for the ensuing year.

Art. 3. To choose a Fire Inspector and fix his compensation.

Art. 4. To see what per cent. the town will pay the Collector of Taxes.

Art. 5. To choose a Fire Chief.

Art. 6. To choose a Collector of Taxes.

Art. 7. To see if the town will allow a discount of five per cent. on all taxes assessed in the year 1923, on real and personal estates, which are paid on or before July 1st of that year; and see if the town will vote to have all taxes assessed in the year 1923 collected and paid into the town treasury at least two weeks before the next annual town meeting.

Art. 8. To see what sum of money the town will raise for the Support of Poor.

Art. 9. To see what sum of money the town will raise for Support of Schools, (Common and High.)

Art. 10. To see what sum of money the town will raise for purchase of Text-books.

Art. 11. To see what sum of money the town will raise for Repair of Schoolhouses.

Art. 12. To see what sum of money the town will raise to purchase Supplies for Schools.

Art. 13. To see what sum of money the town will vote to raise for the purpose of grading, draining and gravel surfacing the Highway on the south side of Piscataquis river. (By Petition.)

Art. 14. To see what sum of money the town will raise for Decoration Day.

Art. 15. To see what sum of money the town will raise for Support of Thomas Free Library.

Art. 16. To see what sum of money the town will raise for Highways and Bridges.

Art. 17. To see what sum of money the town will raise for Winter Roads.

Art. 18. To see what sum of money the town will vote to raise for cement sidewalks on both sides of Penobscot Street from Smart's Corner to junction of Willow Street, and from schoolhouse walk along Front Street to end of Piscataquis river bridge, along North side of Coffin Street to William McNevins's residence.

Art. 19. To see if the town will vote "Yes" or "No" on the question of appropriating and raising money necessary to entitle the town to State Aid, as provided in Section 19 of Chapter 25, of the Revised Statutes of 1916.

Art. 20. To see if the town will appropriate and raise the sum of \$600.00 for the improvement of State-aid Road as outlined in the report of the State Highway Commission, in addition to the amounts regularly raised for the care of the ways, highways and bridges; the above amount being the maximum which the town is allowed to raise under the provisions of Section 18, Chapter 25 of the Revised Statutes of 1916.

Art. 21. To see if the town will vote to license all auto or truck stages doing stage or hack running, and give authority to Selectmen to make rate not to exceed \$25.00 for each car or truck.

Art. 22. To see what sum of money will be raised for Fire Department Maintenance.

Art. 23. To revise the Jury List.

Art. 24. To see what sum of money, if any, will be assessed for Sewer Benefits installed during past summer.

Art. 25. To see what sum of money the town will raise for care of Cemetery.

Art. 26. To see what sum of money the town will raise for Street Lighting.

Art. 27. To see what sum of money will be raised for paying interest and retiring Town Bonds.

Art. 28. To see what sum of money the town will raise for Town Debt.

Art. 29. To see what sum of money the town will vote for extension of Pleasant Street to Cemetery road, and for other street extensions.

Art. 30. To see what sum of money will be raised for operating Town Hall.

Art. 31. To see what sum of money the town will raise for Insurance on town buildings.

Art. 32. To see what sum of money the town will vote to raise for Maintenance of State-aid Road.

Art. 33. To see if the town will vote to raise a sum of money to entitle the town to State and County Aid, if granted, for the rebuilding of Meadow Brook bridge on south side of Piscataquis river road and Simmons brook bridge on Edinburg road.

Art. 34. To see what sum of money the town will vote to raise for sewer and water extensions and water maintenance.

Art. 35. To see what sum of money the town will raise for Incidentals.

Art. 36. To see what sum of money the town will raise for discount, commission and abatement on taxes, and interest on temporary town loans.

Art. 37. To see if the town will vote to authorize the Town Treasurer and Selectmen to hire money for town purposes if necessary, in anticipation of the collection of taxes the ensuing municipal year.

Art. 38. To see what nights the town will vote to allow the free use of Town Hall to the American Legion.

Art. 39. To see if the town will vote to furnish free the use of Town Hall one or two nights, excepting holidays, to each of the three church organizations, the schools, and local No. 87 and Paper-makers Local.

Art. 40 To transact any other business which may legally come before said meeting.

The Selectmen give notice that they will be in session at Town Hall, on Monday, the 12th day of March, at 9 o'clock in the forenoon for the purpose of correcting the voting list.

Given under our hands this first day of March, A. D., 1923.

E. A. DEKIN,	}	Selectmen of Howland.
M. M. WEYMOUTH,		
CHAS. L. LOWELL,		

Pursuant to the within warrant to me directed, I have notified and warned the inhabitants of said town, qualified as therein expressed, to assemble at said time and place, and for the purposes therein named, by posting an attested copy of said warrant at the Post Office, in said town, being a public and conspicuous place in said town on the 4th day of March, being eight days before said meeting.

A true copy attest:

A. A. ELDRIDGE,

Constable of Howland.

THOMAS FREE LIBRARY

The third annual report of the Thomas Free Library for the year 1922-1923, is hereby submitted.

During the past year there has been a large increase in the number of books taken from the library. The total circulation for the year has been 5,624 volumes with an average of 460 volumes per month, and during the month of January 673 were loaned. This shows an increase in comparison to the preceding year of 515 volumes.

There were 353 volumes added to the library during the year, 32 of which were given by the citizens of Howland. Those donating books and magazines are as follows: Mrs. Wadleigh, Charles Rankin, Edith Collins, Lloyd Boober, Mrs. Dekin, Evelyn Chamberlain, Annie Colbath, Mrs. Dyer, Elwood Faloan, Mrs. Williams, Helen Smith, Mr. Wyman, Mrs. Graham, Mrs. Norris Weymouth, Carroll Hopkins, Mrs. Hilton, Mr. Nowland.

218 volumes were bought by the town, 8 with "fine money." 95 were received from the State Library, 72 of them being educational. 191 books were added to the fiction department, 84 to children's department, and 74 educational, making a total of 1273

catalogued books. A traveling library of 50 volumes has been obtained from the State that can be retained 6 months, and then renewed or returned. It has books to interest all.

The following list of magazines have been subscribed for by the library and loaned to the public: The American Boy, St. Nicholas, National Geographical, Popular Mechanic, Ladies' Home Journal, Pictorial Review, National Sportsman and McCalls.

From an average of 100 patrons a week last year we now have 160. A number of new shelves have been installed in the library, but space is limited. A larger room is a necessity for the coming year in order to have reading tables, also to keep the magazines from being destroyed there should be magazine racks and binders. A waste paper basket and desk chair should be purchased.

Very few books have been lost, and fines have been readily paid. \$34.22 has been collected from this source, \$6.80 was used to purchase new books. Also the library received \$35.36 as the stipend fund from the State, which also was used to purchase books.

With a generous appropriation many improvements could be made. A large number of books should be bought and added to those in the library as most of them have been read, and to replace others that are in no condition for circulation.

ANNIE COLBATH,

Librarian.

Amount expended.....			\$20,670 60	✓ 4
Appropriation.....			5,000 00	
Trans. from town debt appropriation.....			5,000 00	
				<hr/>
Overdraft.....			\$10,670 60	

The amount given here includes all repairs, wiring old building, taking out all the steam plant, including piping, repairing, indirect heating plant, installing more radiators and painting both buildings twice, grading school grounds, building concrete sidewalk and graveling road, installing plumbing fixtures not equalled in very many schools. Fire escape was installed on back side of new building. With these extra amounts the cost of the bare school building without curtains, painting inside and varnishing, and extra cost of installing ventilating system would be \$9,658.40.

School Report

To the Citizens of Howland:

I submit the annual report of the conditions of the schools in Howland.

The schools as a whole need very little work for another year in the shape of repairs. There will have to be some appropriation for repairs, because it is not possible to run a steam or electric plant of any kind without some repairs due to breakage or climatic conditions.

The laboratory equipment has not been installed in the High School. I have plans furnished by the State Department of Education for closets, and tables for both Chemistry and Physics. We did not put them in this year because there were no students taking laboratory courses. It is possible that there might not be any next year; but it is better to have the funds to use in case it is necessary. Any carpenter can make the necessary repairs who understands Cabinet making.

There will be considerable overdraw on the school account this year because no money was appropriated for High School teachers or text-books. The reason for this is as follows: We were not sure that the people would vote for the building, and we were not sure that the building would be ready for use this year.

We have a large number of tuition students from the surrounding towns. Bills have been sent in; but all towns have not yet paid the bills. We will receive \$1,300 for tuition for the two terms this year, fall and winter. Next term's tuition will be carried on to next year's report, provided the towns that owe are able to send in the money due before town meeting. Next year there will be much more money for tuition.

We have a fine school building, and great credit should be given to the taxpayers for supporting the school, and for their part in paying for such a building. We also owe a great deal of credit and thanks to the Building Committee and their helpers for doing such good work. Several buildings were started in various places this year, and we have the credit of having the only one that was completed and ready for occupation this year.

For any additional information in regard to the High School, its work, plans, etc., see the report of Principal McNally.

We have had excellent schools this year and all teachers are doing their best to improve the standing of the school. Our standard is much higher than some of the surrounding towns. It has been proved by comparing the work of our students with others in other towns. The teachers have all had several years' experience. They have spent much of their spare time on school work, and are willing to give their time to all pupils to help them make up any work that they have missed.

We have had to secure an extra teacher for the lower grades as there were over fifty pupils in one room, and over forty in another. There are more pupils in all the grades than last year. This may have to be done next year in case none of the children leave town. It will also be necessary to secure another teacher for the High School next year. There will be more pupils than two teachers can take care of. We have plenty of seats for the accommodation of all that enter.

We have had to purchase more books and supplies this year, also due to the increase in students.

Our fuel bill will be about three times as much as last year, owing to the coal strike and shortage of hard coal. We are fortunate in being able to secure wood because some schools had to close for the winter on account of coal.

We have not been compelled to close school on account of weather or any contagious diseases. Several cities and towns have had to do this. I consider the school year as a whole a very successful one.

The people of this section are to be congratulated on the fine spirit you have shown in your support of all school activities.

We expected an equalization fund from the State; but did not receive it for the following reason: The school rate was only .0049, and the municipal rate was .038. The town rate was high enough; but the school rate is low compared with the State's average which is .0103. Both rates must be up to the State's average in order to secure this extra State Aid.

Pupils draw school money when they are five years old, but that does not mean that they have to be sent to school when they are four or five. They would do better work if they were kept at home until they were six or seven. The trouble with this ruling is that children attend part of the fall term, little or none in the winter, and come again in the spring and expect to be promoted at the end of the year. It is impossible, except in very rare cases.

In closing, I wish to express my thanks to the School Board, Board of Selectmen, parents, teachers, children and all who have assisted in the work for the past year.

Respectfully submitted,

H. B. BLAKE,

DR. H. G. McKAY,

MRS. A. HOPKINS,

R. W. NOWLAND, Supt.

Superintending School Committee.

REPORT OF PRINCIPAL OF HOWLAND HIGH SCHOOL

The New High School with its fifty-seven students, forty of whom are Freshmen, which the citizens of this town voted for one year ago at this time, has I am sure been a very successful experiment indeed. An experiment because it had never been tried before, and was something to be developed in the life of this progressive community.

There were many things which a new school could do, but at the start the two most important necessary were School spirit and a bank account. School spirit for cooperation and money for things needed. We obtained the first by working together for the second, and the results are very evident.

Our first effort to obtain organization was to form an Athletic Association, with Student Officers and each member paying fifty cents per term for dues. This money has been used to purchase literature for use in English and History courses, and to pay for the use of one of the State Traveling Libraries of about one hundred books.

The next effort was a Halloween supper and social at which we were very grateful for the hearty support given us by the town's people. The affair was a success in every way, and showed that everyone was ready to back their High School. We considered that music was very necessary in school, and the money from this entertainment went toward the purchase price of a piano, costing two hundred and seventy-five dollars. This piano was bought on the plan of ten dollars down and ten dollars each month, and at the present time we have paid in exactly one hundred dollars. We should be able to pay the balance very easily during the rest of this year and next, without any outside help.

On the last Friday of each month we devote the last two periods in the afternoon in cooperation with the four next lower grades, in having a school program consisting of speaking, musical numbers, and a school paper. This is promoted by the students themselves, and is especially valuable as it develops in each individual taking part, the ability of doing things before others and to speak on one's feet. This last is especially helpful after we get out of school and become citizens of our community. The training for community citizenship should be one of the aims of every High School.

As regards Athletics, something very necessary in any successful school; we have only had Basket-ball. We could not expect a team of world-beaters this first year, but our object was to get the students interested, to develop a liking for the game, and to start the idea of having the High School represented by a clean bunch of boys, which any town would be proud to send out. I am very glad to say that whenever we have played away from home each fellow has conducted himself as a gentleman, reflecting credit back to the town and the school they represented, and that certainly is more than we can say for some of the teams which have visited Howland to play us. A successful team is not always one which wins games. It is

the high standard of clean sport and fair-play which counts, and this we have obtained. The Basket-ball team this year had to be run on a basis of paying its own expenses or not at all for we had no money on which to go behind. Again we are grateful for the support the people have given our team, and with the little surplus left after paying expenses each time, we have purchased a New Webster's International Dictionary, costing \$19.50, which is another one of the things needed in daily school work.

Another side to our school work this year has been the renowned "JUG." This is a required study hour every night after school for one week for any student who has three failures the week before. This is accomplishing its purpose in that no student likes the idea of staying for one hour after school each night for a whole week, and has the desired effect of reminding students that they should study at home more, and keep more closely to their school work. I would recommend a Universal Study Hour for next year, which can only be carried out by a vote of the town, and each parent helping out to the extent of seeing that their own children are doing their school work on five evenings of the school week.

Other things which are in the process of being developed are a School Magazine, containing Ads by the merchants in town, and reading material taken from some of the best articles from the English Department of the High School. This is a big idea among the larger schools, and provides a way for advertising the business of the town as well as the school.

There is also a School Play in the making, and with a Speaking Contest the middle of next term and a Junior Exhibition, which will be required this year in the place of a graduation, we should be well satisfied indeed with our first High School year.

Next year with another entering class of between thirty and forty Freshmen, we should have very nearly one hundred students. This number will require a Sub-master in addition to the Faculty at the present time, as there will be senior studies to teach next year also. Starting next fall we shall try to have a Football team, and with the experience gained this year in Basket-ball, we should excel in this sport next. As we grow we can also promote Track, perhaps a

Winter Carnival, at some future time and a Baseball team, not to mention Debating and other forms of school activities.

In closing, I wish to say that the Faculty and Students of the High School are very grateful for the support which they have received from the townspeople this first year, and again for the great cooperation given us by the School Board and Superintendent of schools.

Respectfully submitted,

WAYNE W. McNALLY,

Principal High School.

I submit the following recommendations for your approval and consideration.

RECOMMENDATIONS

Common Schools

1 Principal	\$ 900 00

Higgins Cl. Inst.....	60 00	
Maine Cen. Inst.....	20 00	
Bangor.....	20 00	
Millinocket.....	45 00	
Mattanawcook.....	108 00	
	<hr/>	\$376 00
*Unexpended balance, 1922.....		\$324 00
*Credited to High School Account.		

Receipts for High School, 1922-1923

Unexpended balance, 1922.....	\$324 00	
Tuition, Maxfield	20 00	
Edinburg.....	40 00	
Enfield.....	540 00	
Enfield.....	420 00	
	<hr/>	\$1,344 00
Due tuition, Lowell.....	\$100 00	
Lowell.....	100 00	
Argyle.....	40 00	
Edinburg.....	40 00	

Expenditures

Fall term:		
W. McNally.....	\$661 08	
Mrs. E. Swan.....	486 08	
	<hr/>	\$1,147 16

Winter term:		
W. McNally.....	\$377 76	
Mrs. E. Swan.....	277 76	
	<hr/>	\$655 52
		<hr/>
		\$1,802 68
Account overdrawn.....		458 68
Tuition bills due.....		280 00
		<hr/>
		\$178 68

This would make an overdraw of \$178.68 if bills due had been paid when due.

*This proves that a High School is a paying proposition in this town. Our tuition returns have practically paid for our teachers for this year, so that the town's extra added expense is almost wholly for books, supplies and furniture. In another year there ought to be more tuition students added to what we now have. We are also giving all of the town students the benefit of a High School education at a very low cost. The cost per pupil is about 10% for instruction.

INSURANCE ON VARIOUS TOWN BUILDINGS

Town hall.....	\$25,000 00
Tool house	1,300 00
North Howland schoolhouse.....	1,000 00
Howland school building	21,000 00

Would advise \$17,000.00 more insurance on this building. The cost of this and with what policies will expire would be \$192.00.

There will be \$20,000.00 expiring on Town Hall January 1st, 1924. Renewal will cost \$160.00.

Any construction work or road building employing seven or more men will come under Workmen's Compensation which will cost according to pay-roll.
